Our Campuses

NAIROBI | MedPrime Towers, Westlands

Our Nairobi campus offers a comprehensive range of programs, with state-of-the-art facilities and experienced instructors.

THIKA | Kigio Plaza 5th Floor

Serving the Eastern Region, the Thika branch offers quality and affordable education with guaranteed clinical placement

MOMBASA | Kampee House 1st Floor

Our Mombasa campus combines coastal convenience with advanced healthcare training, making it a prime choice for students in the region.

KISUMU | Silver Star Plaza 2nd Floor

The Kisumu campus is equipped to deliver all our programs, ensuring students receive top-notch education in Western Kenya.

ELDORET | Sirgoi Plaza 5th Floor

Located in the heart of Eldoret, this branch provides easy access to our full suite of courses, with a focus on hands-on learning.

NAKURU | Masters Plaza 4th Floor

Serving the Rift Valley region, the Nakuru campus offers the full MedPrime experience, with access to quality education and clinical placements.

MERU | Coming Soon

Serving the Eastern region, the Meru campus delivers the complete MedPrime experience — offering quality training, hands-on clinical exposure, and strong student support to help you grow both academically and professionally.

MedPrime
HOLISTIC TRAINING & CARE

About Our School

⌘ Mission & Values

01 Compassion

We honor the dignity of every individual, approaching healthcare with sensitivity to each person's unique needs, ensuring that care is provided with empathy and understanding.

02 inclusion

We embrace diversity and equality, creating an environment where everyone feels a sense of love, belonging, and respect, regardless of their background or beliefs.

03 Excellence

We are dedicated to achieving the highest standards in education, healthcare practice, and ethical conduct, striving for continuous improvement in everything we do.

04 Professionalism

We conduct ourselves with respect, integrity, and humility, demonstrating expert knowledge while fostering a supportive and respectful workplace.

05 Leadership

We encourage and cultivate leadership skills in our students, preparing them to advocate for patients and uphold the highest standards of patient care and safety.

06 Kindness

We believe in the power of kindness, fostering a culture where respect and compassion are at the forefront, making both our learning environment and the world a better place to live.

Vision

We seek to instill knowledge by fostering a learning climate that intentionally motivates our students to deliver quality care with respect, empathy, and kindness.

OUR COURSES

Certificate in Healthcare Assistant/CNA/Caregiver.

Provides basic patient care under the supervision of nurses, helping with daily activities like bathing, dressing, feeding, and mobility. They also take vital signs, monitor patient conditions, and report changes to nurses.

Certificate in Phlebotomy

They are trained to perform blood draws, handle samples safely, and ensure proper labeling and transportation for lab analysis

Certificate/Diploma in Perioperative Theatre

It focuses on assisting in surgeries by preparing the operating room, sterilizing equipment, and supporting surgeons during procedures, while ensuring patient safety before, during, and after surgery.

Certificate in Health Service Support. (HSS)

A Health Service Support (HSS) student learns how to maintain safe, clean, and well-organized healthcare environments through infection control, hygiene standards, waste management, and patient support services. They also build strong communication and teamwork skills to effectively support healthcare professionals and ensure quality patient care.

Certificate in EMTS/Paramedics

An EMT/paramedic certificate program combines classroom instruction and hands-on training in emergency care skills, patient assessment, and advanced techniques.

Certificate/Diploma in Community Health Assistant

It prepares students to support health initiatives by covering health promotion, disease prevention, nutrition, and basic medical care.

Certificate/Diploma in Mortuary Science

It prepares students to work in funeral service, body preservation, and grief support. It covers embalming, restorative art, funeral directing, and public health practices while emphasizing law and ethics.

Certificate / Diploma In Nutrition & Dietetics

A Nutrition and Dietetics student learns how to assess clients' nutritional status, medical history, and lifestyle habits to develop personalized meal plans and dietary interventions. They gain strong skills in nutritional counseling, health education, and meal planning, while learning to collaborate with doctors and other healthcare professionals to manage conditions like diabetes, hypertension, and malnutrition..

Certificate in Dental Assistant

It trains students in patient care, radiography, and assisting during procedures. It covers dental terminology, infection control, and office management, preparing graduates to support dentists and provide quality patient care.

NHCPS-Save a Life Certificate (USA)

Basic Life Support

Fee: Ksh.5,000

Free for our CNA/HCA students

Provides foundational CPR techniques, focusing on high-quality chest compressions, early defibrillation, and immediate care for cardiac arrest. It's typically aimed at healthcare workers and first responders.

Offered:

Last week of every month

Bloodborne Pathogens

Fee: Ksh.5,000

Free for our Phlebotomy students

Teaches how to prevent exposure to bloodborne pathogens like HIV and Hepatitis B. It's vital for anyone who may come into contact with blood or bodily fluids, including healthcare workers and first responders.

Offered:

Last week of every month

CPR AED & First Aid

Fee: Ksh.5,000

Provides training on handling common injuries and medical emergencies like burns, fractures, and choking, focusing on stabilizing patients until professional help arrives.

Offered:

Last week of every month

Pediatric Advance Life Support

Fee: Ksh.7,500

Free for our Childcare Protection students

Specializes in treating critically ill infants and children. It covers pediatric emergency assessment, recognition, and treatment, including respiratory distress, shock, and cardiac arrest.

Offered:

Last week of every month

Advanced Cardiac Life Support

Fee: Ksh.7,500

Focuses on advanced interventions for patients in critical cardiac emergencies. It covers skills like airway management, pharmacology, and handling cardiac arrest, arrhythmias, and post-cardiac arrest care. Ideal for healthcare professionals like doctors, nurses, and paramedics.

Offered:

Last week of every month

Save a Life provides certification in crucial medical training such as advanced cardiac life support (ACLS), basic life support (BLS), pediatric advanced life support (PALS), automated external defibrillator (AED), cardiopulmonary resuscitation (CPR) and first aid. Our certifications are accepted internationally by 98% of healthcare organizations, including major organizations and hospitals.

- ✓ Clinical Medicine

Intake Information

Health Service Support – Intake currently ongoing.

Registered Nursing, Medical Laboratory & Clinical Medicine
September Intake.

Student Life

01

Induction

Our induction program is designed to welcome you to the college and help you settle in. During this program, you will meet your peers, faculty members, and support staff, learn about the college's resources, and get acquainted with your course structure.

Extracurricular Activities

Our extra-curricular activities provide opportunities for students to engage in arts, community service, and leadership development. These activities are not only a great way to relax and socialize but also to build skills such as teamwork, communication, and leadership.

02

03

Community Service

Our students are passionate about serving the community. They take part in numerous service initiatives, offering their time and skills to make meaningful contributions both locally and nationwide.

Transition to Internship

As your course progresses, you'll move from the classroom to internships, applying your knowledge in real hospital settings. MedPrime ensures a smooth transition, offering support as you adapt to the demands of the healthcare environment.

04

IELTS

Our IELTS guidance program is designed to prepare you confidently for your exam journey. During the sessions, you will meet experienced trainers, understand the IELTS test format, explore proven strategies for each section, and learn how to structure your preparation effectively to achieve your target band score.

Final Exams

After your internship, you'll return to MedPrime for final exams, the last step before earning your certificate. Our career services team provides job placement support, resume help, and interview prep. Plus, our alumni network keeps you connected for ongoing growth in your healthcare career.

Graduation

Our graduation ceremony marks the culmination of your journey and celebrates the growth, resilience, and knowledge you have gained. It is a moment to reflect on the connections built with peers and faculty, the skills developed throughout your course, and the foundation you now carry forward into your professional future.

Fees and Scholarships

Additional Fees

- Registration fee: Ksh.3000
- 2 pairs of scrubs: Ksh.4000
- 2 shots of Hepatitis B vaccine: Ksh.3000
- Graduation fee: Ksh.3500

Scholarships

- Medprime Training College is proud to offer 100% scholarships for the December intake, available across all seven of our branches: Nairobi, Kisumu, Eldoret, Nakuru, Mombasa, Thika, and Meru. This scholarship covers full tuition, allowing students to pursue their healthcare education without the burden of financial concerns.

Applications open in October, and candidates will be carefully selected in November to begin their classes in December. This is a highly competitive opportunity aimed at supporting dedicated students eager to make a difference in healthcare.

To apply, simply submit your application via email once the window opens in October.

We usually encourage all eligible candidates to take advantage of this life-changing opportunity and embark on a rewarding career in healthcare with the full support of Medprime Training College.

- Scholarship eligibility and application details are usually given out in October through our social media platforms

Graduation

Medprime Training College holds three graduation ceremonies annually in **February**, **June**, and **September** to celebrate our students' achievements as they complete their healthcare programs. These events mark the start of their professional careers, highlighting their dedication and potential. Join us in celebrating their success!

LAC Program

Medprime's Life After Campus program is designed for students who have completed their exams and are awaiting graduation. It provides career guidance, job placement support, and skills workshops, ensuring students are well-prepared for their healthcare careers as they transition from student life to the professional world.

Why Choose Us?

Additional Certificates

certifications in BLS (Basic Life Support), BBP (Bloodborne Pathogens), and First Aid, enhancing your practical skills and boosting your professional qualifications for the healthcare field.

Direct Hospital Attachment

Our Direct Hospital Attachment program is designed to give you real-world clinical exposure and hands-on experience in a healthcare setting. During the attachment, you will work alongside healthcare professionals, apply your classroom knowledge in practical situations, understand hospital workflows, and build the confidence and skills needed for your career.

Flexible Study Methods-

Our flexible learning program is designed to fit your schedule and lifestyle. You can choose to study online, attend physical classes, join Saturday sessions, or opt for evening classes. This flexibility allows you to balance your studies with work and other commitments while staying on track toward your goals.

Free IELTS Guidance

Our IELTS guidance program is designed to prepare you confidently for your exam journey. During the sessions, you will meet experienced trainers, understand the IELTS test format, explore proven strategies for each section, and learn how to structure your preparation effectively to achieve your target band score.

Silvia's Story

Silvia joined our CNA program with one goal — to build a better future. Through hands-on training and continuous support, she completed her course and today, she is working in Dubai.

Felis' Journey

Felis completed the CNA course and, right after graduation, received job placement support from MedPrime. Today, Felis is successfully employed at Crystal Cottage Hospital doing what they trained for.

Peter's Breakthrough

Peter enrolled in our EMT program and graduated with an additional First Aid certificate, giving him an edge in the job market. That extra skill paid off. Peter is now working with CIREMED Ambulance Services.
